THE CENTER FOR **AUTISM**
& NEURODEVELOPMENTAL DISORDERS

Success in Special Education: A Workshop Series for Parents & Caregivers

Winter 2017- Spring 2017

The Center for Autism & Neurodevelopmental Disorders offers a series of interactive workshops designed to provide easy-to-understand information about Special Education. These workshops will help families become active and knowledgeable IEP team members with a focus on collaborating with schools.

We highly recommended that parents attend a Special Education Basic workshop before attending a Specialized workshop.

Cost: $20.00 per workshop. Scholarships available upon request for families in need of finacial assitance.

Location: The Center for Autism & Neurodevelopmental Disorders:
2500 Red Hill Ave. Suite 100, Santa Ana, CA 92705

Register today: Please contact our Training Program Coordinator, centertraining1@uci.edu or 949-267-0471.

Questions about the workshop? Please contact Jeanne Anne Carriere, Ph.D., Educational Assessment Team Director, jcarrier@uci.edu or 949-267-0448.
