

Enhancing lives today and accelerating a spectrum of solutions for tomorrow.

Discover the latest innovations in science, research and technology related to causes and improved interventions for autism spectrum disorder.

Autism Research Series: Discovery to Solutions

NOVEMBER 16, 2017

6:30 PM - 8:30 PM

Refreshments will be served

THE CENTER FOR AUTISM & NEURODEVELOPMENTAL DISORDERS

2500 Red Hill Ave, Suite 100
Santa Ana, CA 92705

Parking is Available

Who should attend: Open to all, including people with autism and their families, researchers, clinicians, educators, policy makers, and members of the local community.

There is no fee to attend, registration is required.

Please join us for a community science event hosted by Autism Speaks President and CEO Angela Geiger and Chief Science Officer Thomas Frazier, Ph.D. Expert panelists will explore the latest advances in autism research to support people with autism and their families.

RESEARCH PANELISTS:

Eric Courchesne, Ph.D.

Co-Director, UCSD Autism Center of Excellence

Karen Pierce, Ph.D.

Professor, Co-Director, UCSD Autism Center of Excellence

Jean Gehricke, Ph.D.

University of California, Irvine Center for Autism & Neurodevelopmental Disorders
