

Transition Workshop

The Center for Autism & Neurodevelopmental Disorders is offering a workshop for parents and caregivers that will address topics that are important as your child transitions to adulthood. Topics will include:

- Transition toolkit from teen to young adult
- Transition from pediatric to adult medical care
- Financial planning resources
- Education-related services and supports
- Information about conservatorship and other ways to support independence and decision making
- Living options and independent living supports

Location: The Center for Autism & Neurodevelopmental Disorders, 2500 Red Hill, Ste. 100, Santa Ana, Ca 92705

Registration: Call Meghan Dawson at 949-267-0462 or email centertraining1@uci.edu
