

## Bullying: Strategies to Protect your Child

Bullying can significantly impact your child's social-emotional functioning. Children with autism spectrum and other neurodevelopmental disorders are at an increased risk for bullying. In this interactive informative presentation.

Parents will learn:

- Definitions of bullying
- Identify warning signs that your child is the victim or offender of bullying
- Learn risk and protective factors
- Understand how to advocate for and support your child at home and in school
- Identify resources within your community

### Instructors:

Drs. Kristen Joyner & Jeanne Anne Carriere
