The Center for Autism & Neurodevelopmental Disorders will host its third annual Hope & Help Gala on October 7 at The Resort at Pelican Hill in Newport Beach to raise awareness for those challenged by autism spectrum and other neurodevelopmental disorders. The evening event will honor Bonnie Gillman, founder of Grandparent Autism Network, for her tireless advocacy, dedication and commitment in support of families and individuals with ASD.

Last year, the sold-out event raised more than \$528,000 to benefit The Center's services, including diagnosis and evaluation, clinical support and treatment, education, wellness and research.

Co-hosted by Ellen Liefer and Danielle Reindl, this year's Gala will include dinner, a live auction and inspirational stories about how The Center is making a difference in the lives of many families.

For more information, or to become a sponsor and support the cause, please visit www.hopeandhelpgala.org.

"After Party Tickets" are also available to purchase for \$50. Please contact André Willingham at andre.willingham@uci.edu or 949-267-0456 to purchase.
