

Simply add your text, choose your font and print.

Insert a blank page and make the labels whatever size you want by simply pasting the image and text boxes.

copying and

To print labels the size as displayed on screen.

Go to File > Print > Full page slides then unclick 'Scale to Fit Paper'.

The screenshot shows a presentation software interface with a 'Print' dialog box open on the left. The dialog box has several sections: 'Printer' (set to 'ET-2000 Series (Network)'), 'Settings' (with 'Full Page Slides' selected), and 'Print Layout' (with 'Full Page Slides' selected). The main slide area on the right displays six subject labels in a 3x2 grid, each with a small image and the subject name: 'dance' (with an image of three people dancing), 'drama' (with an image of a red curtain), 'history' (with an image of a tree), 'kitchen garden' (with an image of vegetables), 'geography' (with an image of a globe), and 'cooking' (with an image of people cooking).
