

THE CENTER FOR AUTISM  
& NEURODEVELOPMENTAL DISORDERS

Autism and other  
Neurodevelopmental  
Disorders  
in African American and  
Multiracial Families!

**A Safe Space for Black,  
Biracial & Multiracial  
Families to Share,  
Learn and Focus on  
important Issues  
relating to and  
assisting our Children  
in thriving at Home and  
their Community.**

## SUPPORTING EARLY CHILDHOOD

### WHY DOES EVERYONE WANT TO "FIX" MY CHILD?

The Center for Autism & Neurodevelopmental Disorders is offering a presentation for parents and caregivers about *transitioning a child with developmental delays from Early Intervention services to Pre-School* and/or other Regional Center Services, including: **Person Centered Planning, The IEP Process, Qualifying & Admission to Pre-School, Self Determination, and Advocacy.**

We will highlight the importance of these plans, documents and laws to help families learn what their children are entitled to.

### Become Empowered!

- \* Does entitlement to RCOC services end at Age 3? What's next?
- \*When I am told no, what steps can I take? Making my voice heard!
- \*IEP'S and the rights of your child!
- \*Importance of ABA/other Therapies!

Nellie Valentine  
Facilitator

Nellie is successfully raising her 4 children, [2 adults and 2 adolescents] with diagnoses of Autism and other co-occurring conditions. She has over 23 years of experience and training.
