

# FREE Developmental Screening Day

For children ages 16 months through 5 years

Services Available in English & Spanish

**Do you want to know how your child is developing?  
Screening your child will help parents and caregivers:**

- Learn more about their child's development
- Identify any delays or concerns early
- Connect to resources to support their child's needs

Screening will cover these areas of development:

Communication  
Behavior

Emotional Regulation  
Adaptive Functioning

Motor Skills  
Social Skills

Parents and caregivers will have the opportunity to connect with providers who can answer any questions they may have about their child's development.
